

SEMINAR • 13th NOVEMBER 2026

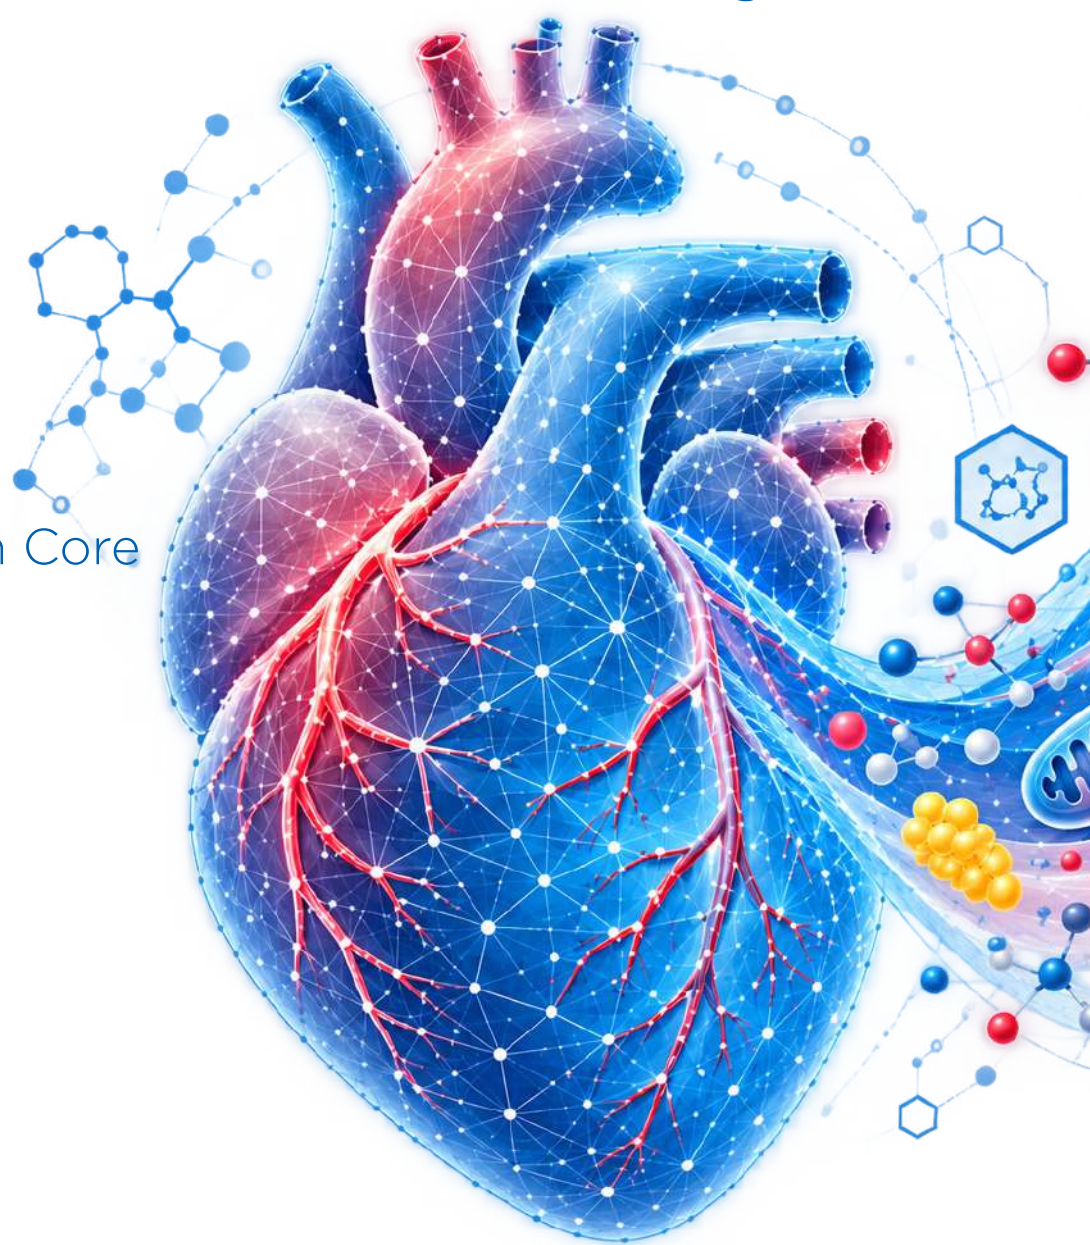

ECTOPIC LIPID AND CARDIO-METABOLIC DISEASE

Join **Dr. Kitt Falk Petersen** for an exploration of the metabolic mechanisms underlying cardiovascular disease. Internationally recognized for her pioneering research in endocrinology, metabolism and cardiovascular health, Professor Petersen will share **insights from his latest scientific work**. The seminar will also provide a forum for **discussion, scientific exchange** and new opportunities for **collaboration**.

SPEAKER

Dr. Kitt Falk Petersen

Director, Yale DRC Translational Research Core
Yale School of Medicine
Department of Internal Medicine
Section of Endocrinology
